

UK EUREKA
CHAIRMANSHIP 2018/19

GLOBAL EUREKA

Global EUREKA

- **Position EUREKA as the global platform for R&D & Innovation collaboration**
 - **Support EUREKA's strategic objective as a lean and flexible platform for global industrial R&D&I cooperation**
- **Develop the EUREKA as the global framework for the future**
 - **Develop a global strategy for EUREKA ensuring a considered and strategic approach**
 - **Continue discussions and increase engagement of potential new Partner and Associated EUREKA countries and ensure EUREKA instruments are supportive of their involvement**

VALUED EUREKA

Valued EUREKA

- **Communicate the value of EUREKA and increase its profile**
 - **Promote EUREKA as the global platform for R&D & Innovation collaboration to engage the right audiences with the right messages**
 - **Increase the profile of EUREKA and position EUREKA at the core of innovation systems**
- **Ensure active participation by countries and users**
 - **Understand the needs of less active countries and users with a view to increasing participation**
- **Measuring and communicating the impact of EUREKA activities and its portfolio**

AGILE EUREKA

Agile EUREKA

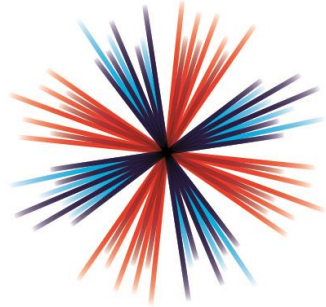

- **Promote and position EUREKA within European innovation policy**
 - Secure a unique and complementary position for EUREKA in the European innovation landscape and particularly with FP9
- **Evolve EUREKA instruments**
 - Ensure coherence and clarity of purpose to users – build the client journey
 - Responsible for developing Eurostars 3
- **Simplify EUREKA governance**
 - Streamlining meetings and building a robust organisation for the future

EUREKA Global Innovation Summit

UK EUREKA
CHAIRMANSHIP 2018/19

Look forward to seeing you in Manchester

A night view of Earth from space, showing city lights and a network of red and blue lines representing data connections or fiber optic cables. The lines radiate from various points on the globe, creating a complex web of connections. The background is dark, emphasizing the glowing lights of the planet and the network.

Thank you
